

Dear Contestant;

I was the official video guy at the May 19th NPC contest and shot almost six hours of video – the entire pre-judging and evening. It's all here from beginning to end. This three DVD set is available for only \$29.95 plus shipping. The set comes packaged in a multi DVD case and is professionally printed and duplicated.

I received numerous requests from contestants to supply DVD's that had just men or women contestants. This was not practical, so instead each DVD has the following menu options.

- Play All
- Play Women only
- Play Men only
- Play Selected scenes

On the evening videos there is an additional option to play the awards only.

The DVD set can be shipped first class mail, priority mail or picked up at USA gym in Bridgeview. You can complete the order form below or order on-line at www.rickdrew.com. If you would like to pick it up at the gym please let me know in advance so I can arrange to have a copy there for you. You can email me at rick@sinanju.com or call me at 708.289.0994.

Please complete and mail with check or Money Order to:
